Std.: 3

English L.18 – Look before you leap!

Q1. Q2. Already given in earlier notes.

Q3. Answer the following questions.

1. What was the pond like in summer?

Ans: In summer, the pond began to dry up.

2. Why were the frogs worried?

Ans: The pond was beginning to dry up completely and there were very few insects left.

3. Why did the frogs begin to jump for joy?

Ans: When the frog saw a well having plenty of water, they began to jump for joy.

4. What was the well like?

Ans: The well was built in stone and had a high circular wall. It was quite deep and there was a lot of water still left at bottom.

5. What problem did the frog see?

Ans: The frog realized that though they could dive into the deep well very easily, but if the water in the well dried up then they could not jump outside.
